

# Download A Connected Curriculum For Higher Education

10 a connected curriculum or Higher Education. what the higher education sector, with its different mission groups, is trying to achieve. The Connected Curriculum framework creates a lens, shapes a window, through which the higher education community can look afresh at its own possibilities. Connected Curriculum: a framework for research-based education. The Connected Curriculum is UCL's educational framework. Students can easily participate in research and make strong connections across disciplines in some areas at UCL, but not all. Our framework seeks to ensure all students have these opportunities. Drawing on vignettes of practice from around the world, she argues that developing the synergies between research and education can empower faculty members and students from all backgrounds to contribute to the global common good. Praise for A Connected Curriculum for Higher Education 'This is a living project and an energising project. A Connected Curriculum framework for thinking about and enhancing practice illustrates a core principle – that of engaging students actively with research and enquiry – and six related dimensions of practice, each of which speaks to a different kind of connectivity.
