

Download Integrated Pest Management And Bio Control

Integrated pest management (IPM), also known as integrated pest control (IPC) is a broad-based approach that integrates practices for economic control of pests. IPM aims to suppress pest populations below the economic injury level (EIL). The UN's Food and Agriculture Organization defines IPM as "the careful consideration of all available pest control techniques and subsequent integration of ...Chapter9 Biological Control and Integrated Pest Management David Orr Abstract The manipulation of beneficial organisms remains a very important tool in integrated pest management programs of insect pests worldwide.
