The bottom line is that all the technical expertise in the world won't help you succeed if you don't have the right mindset. This collection of the top trading psychology articles from SFO, the Official Journal for Personal Investing, will help you find your best trading mindset. Many of the top traders in the world are known as much for their trading mindset as their technical prowess. George Soros talks about what his aching back tells him, Ed Seykota says everyone gets what they ultimately want out of the market, and Marty Schwartz became one of the best in the business when his desire to win outweighed his desire to be right.
