

Download Traffic Rules Manual For Saudi Arabia

The Manual on Uniform Traffic Control Devices (MUTCD) is a document issued by the Federal Highway Administration (FHWA) of the United States Department of Transportation (USDOT) to specify the standards by which traffic signs, road surface markings, and signals are designed, installed, and used. These specifications include the shapes, colors, and fonts used in road markings and signs. Saudi Arabia Table of Contents. The Saudi population is characterized by a high degree of cultural homogeneity and by an equally high degree of social stratification. Traffic lights, also known as traffic signals, traffic lamps, traffic semaphore, signal lights, stop lights, robots (in South Africa and most of Africa), and traffic control signals (in technical parlance), are signalling devices positioned at road intersections, pedestrian crossings, and other locations to control flows of traffic.. The world's first traffic light was short lived. Uber Clone Package. We are happy to inform you that we have assisted many companies in launching their Uber Clone - Taxi Booking software recently.
